General product properties :	corrected eye protection possible
Product characteristics:	Spectacles
Equipment:	without inclination
Mechanical resistance :	F
Product group:	HIGHVISION
EN standards:	PPE Regulation (EU) 2016/425
Carrying help:	Earpiece
Period of use:	Constant use
Product component:	Instructions and information from the manufacturer are included with the product.

Risk category (PPE regulation): category II - Protective equipment to protect from danger

Product description

These prescription safety glasses bring together the balance of defective vision with eye protection to guard against mechanical, chemical and/or optical factors. The focus in this decision process is providing optimum protection along with the personal requirements and fulfilling the conditions of the daily tasks. It is essential that the prescription safety glasses are tested together with the glass and frame. This is the only way of ensuring that the safety eyewear can be used in the required strength class. An investment that pays for itself !

Article no: 2020 7002 00
Colour of frame: silver
Execution: SAR
Lens type: 2-1.2 UG 1 F CE
Size: 53/18
Mechanical resistance: F
Tint color: clear
Coating: Super-Antireflex | UV protection | scratch-resistant
